Date: 20.08.2024

## PhD Award 2024

The PhD Award Committee invites nominations of candidates working in the field of Aerosol Science.

The GAeF PhD Award is intended to recognize internationally successful young scientists whose ideas have provided decisive stimulus in their area of aerosol research and who are recognized as outstanding among their peers in their field. The distinction is based on an outstanding doctoral thesis that has been submitted no more than 2 years before the call for nominations. The GAeF PhD Award can be awarded to a maximum of two early career scientists. Nomination is made by a full letter of support including a *curriculum vitae* and a bibliography. The letter should include at least one specific reference to an outstanding work of the nominee. Candidates do not need to be members of GAeF. We encourage nominations of women and ethnic minorities, who are currently under-represented among the past awardees. For more details see <https://www.info.gaef.de/awards>.

The GAeF PhD Award 2024 will be conferred by the Gesellschaft für Aerosolforschung (GAeF) during the START Conference 2025 in Winterthur on February 25th & 26th. The recipient(s) will receive a certificate and a cash award of EUR 1,000 per award.

**The deadline for nominations is November 1st.** Nominations should be sent in electronic form to the chair of the Award Committee:
